

## IMPORTANT INFORMATION FOR ALL ACCEPTED AUTHORS

Please take the reviewer comments carefully into account when preparing your camera-ready paper for the proceedings. The final paper and the signed copyright form are due on

**March 10, 2010**

This is a firm deadline for the production of the proceedings.

1. FINAL PAPER: Please submit the files belonging to your camera-ready paper using your EasyChair author account. Follow the instructions under the Proceedings menu item after the login for uploading two files:

- (a) either a zipped file containing all your LaTeX sources or a Word file in the RTF format, and
- (b) PDF version of your camera-ready paper.

There is a strict page limit of 15 pages for research papers and of 5 pages for PhD symposium full papers and demo papers.

Please follow strictly the author instructions of Springer-Verlag when preparing the final version:

<http://www.springer.de/comp/lncs/authors.html>

All figures will be printed in black and white. If you send colored figures, please make sure that they are also legible in black and white. The colored figures appear as colored figures in the online version of the proceedings.

It is not possible to modify a paper, once it has been published. This applies to both the printed book and the online version of the proceedings. Every detail should be checked before the camera-ready paper is submitted.

Our publisher has recently introduced an extra control loop: once data processing is finished, they will contact all corresponding authors and ask them to check their papers. The email will come from an email address in India and will have an attachment (the pdf file), so authors should make

sure that emails with attachments are not automatically filtered out.

We expect this to happen shortly before the printing of the proceedings. At that time your quick interaction with Springer-Verlag will be greatly appreciated.

2. COPYRIGHT: Please upload a signed and completed copyright form to us as soon as possible. The Springer copyright forms can be found at

[http://www.springer.com/cda/content/document/cda\\_downloaddocument/copyrigh.pdf?SGWID=0-0-45-154182-0](http://www.springer.com/cda/content/document/cda_downloaddocument/copyrigh.pdf?SGWID=0-0-45-154182-0)

It is sufficient for one of the authors to sign the copyright form.

You can scan the form into PDF or any other standard image format.

All the fields in the copyright form must be completed.

Title of the Book/Volume/Conference: 7th Extended Semantic Web Conference (ESWC 2010)

Volume Editors: Lora Aroyo, Grigoris Antoniou, Eero Hyvönen

---

---

---

ESWC2010 welcomes the submission of original research and application papers dealing with all aspects of representing and using semantics on the web. We encourage theoretical, methodological, empirical, and applications papers.

The proceedings of this conference will be published in Springer's Lecture Notes in Computer Science series. Paper submission and reviewing for ESWC2010 will be electronic via the conference submissions site. Papers should not exceed fifteen (15) pages in length and must be formatted according to the information for LNCS authors.

Papers must be submitted in PDF (Adobe's Portable Document Format) format and will \*not\* be accepted in any other format. Papers that exceed 15 pages or do not follow the LNCS guidelines risk being rejected automatically without a review. Authors of accepted papers will be required to provide semantic annotations for the abstract of their submission -- details of this process will be provided on the conference Web page at the time of acceptance. At least one author of each accepted paper must register for the conference.

For more information about the Springer's Lecture Notes in Computer Science (LNCS) [p](#) [lease click here.](#)

Each paper must be submitted to the most appropriate of the eight research tracks:

- **Web of Data**  
<http://www.easychair.org/conferences/?conf=eswc2010webofdatatrack>
- **Ontologies and Reasoning**  
<http://www.easychair.org/conferences/?conf=eswc2010ontologiesandreasoning>
- **Software and Services**  
<http://www.easychair.org/conferences/?conf=eswc2010servicesandsoftwaretra>
- **Mobility**  
<http://www.easychair.org/conferences/?conf=eswc2010mobilitytrack>
- **Web Science**  
<http://www.easychair.org/conferences/?conf=eswc2010websciencetrack>
- **Social Web**  
<http://www.easychair.org/conferences/?conf=eswc2010socialwebtrack>
- **Sematic Web in Use Track**  
<http://www.easychair.org/conferences/?conf=eswc2010semanticwebinusetrack>
- **Sensor Networks**

---

## PhD Symposium

Submissions must be no longer than 5 pages and must be formatted in the style of the Springer Publications format for Lecture Notes in Computer Science (LNCS). Papers must be in PDF (Adobe's Portable Document Format) format and must be submitted electronically through the conference submission site. Papers will not be accepted in any other format.

Papers should be submitted through the Easychair system:

<http://www.easychair.org/conferences/?conf=eswc2010phdsymposium>

---

## Workshops

Workshop proposals should be no more than 3 pages in length, in txt or PDF format, send via email to Kalina Bontcheva ( [K.Bontcheva@dcs.shef.ac.uk](mailto:K.Bontcheva@dcs.shef.ac.uk) ) This e-mail address is being

protected from spambots. You need JavaScript enabled to view it  
) , and should contain the following information:

- The title and brief technical description of the workshop, specifying its goals and motivation.
- A brief discussion of why the topic is of particular interest at this time.
- A brief description of why and to whom the workshop is of interest, the workshop audience, as well as the expected number of participants.
- A brief description (draft outline) of the proposed workshop format, discussing the mix of events such as paper presentations, invited talks, panels, and general discussion.
- A list of (potential) members of the program committee (at least 50% have to be known and confirmed at the time of the proposal).
- An indication of whether the workshop should be considered for a half-day or full-day meeting.
- If there have been previous editions of the workshop, their short description, including URLs as well as some statistics about submissions and acceptance rate.
- The names and contact information (web page, email address) of the proposed organizing committee and short description of their relevant experience.

---

## Tutorials

Tutorial proposals should not exceed 5 pages and should contain the following information:

- abstract (200 words maximum, for inclusion on the ESWC2010 website)
- tutorial description (aims, target audience, presentation method, technical requirements)
- justification for the tutorial, including timeliness and relevance to ESWC2010
- outline of the tutorial content and schedule
- information on presenters (name, affiliation, expertise, experiences in teaching and in tutorial presentation)

Tutorial proposals are to be submitted as single PDF files by email to both Anna Fensel [fensel@ftw.at](mailto:fensel@ftw.at)
